1984 Subject/Author Index (Volume 131)

Subject Index

WATER

MANAGEMENT

Administration

Install a Computer and Enjoy the Tax Benefits. Robert Feinschreiber ..... Feb., p. 45
Solving Our Water Crisis. Senator Dennis DeConcini ..... Mar., p. 42
Big D Water Nurtures Civic Support. Staff Report ..... May, p. 34
Retrenchment Management: Or How to Cope with Fewer Tax Dollars. Roger L. Kemp ..... Oct., p. 36
Enlisting the Producing Work Force. George Sutton ..... Nov., p. 22

Planning, Scheduling and Operations

Improving Water Utility Management. Richard L. Shell and Nicholas A. Damachi ..... Feb., p. 42
Matching Microcomputers and the Tasks They Do Best. Michael D. Day ..... May, p. 40
A Management System for Cost Control. Thomas E. Taylor and Jack Renfro ..... May, p. 37
Color Graphics Adds A Dimension to Management. Richard W. King and William L. White ..... July, p. 36
Afterstorm Cleanup Needs Care and Common Sense. Staff Report ... Nov., p. 23

SUPPLY & RESOURCE

Ground

Cross-discipline Harmony Keeps Groundwater Monitoring Efforts in Tune. Nic E. Korte and Peter M. Kearl ..... Mar., p. 32
Groundwater Strategy Avoids Contamination Woes. Suzanne M. Kilner ..... Mar., p. 27
Water Supply Assured for Emergencies. Paul R. Levine ..... July, p. 32

Reuse

Denver Demonstrates Direct Reuse to a Thirsty Public. Staff Report ..... May, p. 44

TREATMENT

Coagulation & Flocculation

A Process For Each Season. R. D. Kuchenrither, C. P. Houck and B. A. Alexander ..... Apr., p. 44
Conventional Water Process Costs Studied. Anthony Tarquin and Sara Goodwin ..... July, p. 24

DISTRIBUTION

Pumping

Coming Down on Downtime. Clifford Reed ..... Jan., p. 40

Piping

Water Main Project Serves Expanding Hi-tech Area. James R. Butler and Johan L. Roberts ..... May, p. 52
Treating and Monitoring Corrosion and Scale in Distribution Systems. B. P. Boffardi and G. W. Schweitzer ..... May, p. 48
New Tool Rejuvenates Old Company's Pipes. Staff Report ..... Oct., p. 32
Measuring Differential Pressure Accurately In Water Distribution Systems. Thomas Walski ..... Oct., p. 28
Micro Drawings Produce Macro Responses. David L. Tippin .. Nov., p. 31

Metering

Remote Meter Reading Pays for Itself. Charles O. Teggatz and Michael C. Olesen ..... Apr., p. 42
Accountability Management Brings Revenue Increases. Robert J. Orr ..... Aug., p. 22
Pressure Recorders in the Right Places Make A Better Distribution System. John Gorisch ..... Oct., p. 30

INSTRUMENTATION

Operations

Wastewater Lab of the Future. Daniel S. Greene and Joseph Meisler ..... Jan., p. 26
Understanding and Applying the Programmable Controller. Anthony M. Arnone ..... Jan., p. 32
Portable, Computerized Monitor Keeps Tabs on Water. Rolf A. Deininger ..... Feb., p. 32
Good Water From Simple Automation. Grant Weaver and Richard E. Desroches ..... July, p. 28

WASTEWATER

MANAGEMENT

Administration

Blueprint for a Joint Power Agency. David D. Kennedy and Wayne A. Bruce ..... Feb., p. 26
Big D Water Nurtures Civic Support. Staff Report ..... May, p. 34
Classroom Training Makes Better Supervisors. Carl S. Weinberger and Robert T. Mohr ..... Sept., p. 46
Retrenchment Management: Or How to Cope with Fewer Tax Dollars. Roger L. Kemp ..... Oct., p. 36
Enlisting the Producing Work Force. George Sutton ..... Nov., p. 22

Planning, Scheduling and Operations

Matching Microcomputers and the Tasks They Do Best. Michael D. Day ..... May, p. 40
A Management System for Cost Control. Thomas E. Taylor and Jack Renfro ..... May, p. 37
Afterstorm Cleanup Needs Care and Common Sense. Staff Report ... Nov., p. 23

COLLECTION

Pumping

Coming Down on Downtime. Clifford Reed ..... Jan., p. 40
After 45 Years, These Pumps Are Still Good. S. A. Herrick and B. G. Garrett ..... Jan., p. 42
Testing the Big Pumps of the TARP System. Frank E. Dalton, Donald H. Sandell and Brij B. Goyal ..... Aug., p. 30
Taking on the Heavens and the Mississippi—and Winning. Staff Report ..... Sept., p. 33

Piping and Metering

I/I Rehab Success Comes with Understanding System Behavior. Richard J. Nogaj ..... Feb., p. 36
Grinder Pump Solution Appeals to Residents. Thomas E. Burnett .. Feb., p. 39
Learning About Lining. Mark S. Holstad and Brian L. Speicher ..... Apr., p. 25
Infiltration Cut Dramatically After Pipe Repairs. Paul F. Hannigan . Apr., p. 25
Cleaning Contract Lowers Costs and Complaints. Carl T. Blomgren .. Apr., p. 32
Designing for Removal of Sanitary Sewer Cross Connections. Alan J. Hollenbeck ..... Apr., p. 29
Big Pipes Close Hole in New Orleans Flood Defense. Staff Report ..... Sept., p. 34

TREATMENT

Design

Energy Practices Help Make A Winner. Thomas E. Vik, Dennis J. Lamers and William Baudhuin ..... Aug., p. 27
Regional Plant Design Sets Consolidation Example. Staff Report ..... Sept., p. 57

Primary

Screen and Separator Knock Out Sand and Scum. David Monson ... Jan., p. 38
Screening System Makes Downstream Life Simpler. Charles F. Lenhart and James A. McGarry ..... June, p. 38

Secondary

Compressor Design to Meet Variable Air Needs. Robert H. Eshelman ..... Mar., p. 35
BOD Results That Are Believable. Enos L. Stover and David E. McCartney ..... Apr., p. 37
Michigan Plant a Model of Reliability. Staff Report ..... June, p. 31
Checklist Eases the Design/Build Task. Staff Report ..... June, p. 32
Extremes of Temperature, Population No Trouble for This Plant. Staff Report ... June, p. 36
RBCs Reach Maturity. Staff Report ..... June, p. 28
Filters Overcome Tough Conditions. Joseph F. Siener and Gary A. Garzonetti ..... Sept., p. 41
Aquaculture Project Reaches New Plateau. William A. Conn ..... Sept., p. 36

No More Alkalinity Burnout. Richard L. Case ..... **Nov., p. 26**

SLUDGE MANAGEMENT

Processing

Motor Controls Pay Sludge Handling Dividends. Larry G. Morris .... **Mar., p. 40**
Thermal Treatment "Energizes" San Mateo Sludge. Fred Cebalt .... **Dec., p. 25**
Drier Sludge Ends Landfill Leaching Concerns. Michael Taylor ..... **Dec., p. 30**

Disposal

Biobricks Become a Construction Reality. Edward H. Bryan ..... **Mar., p. 38**
Let The Seas Do The Disposal. Victor French ..... **Dec., p. 22**
The Trick to Selling Sludge as Fertilizer. Tony Boone ..... **Dec., p. 28**

INSTRUMENTATION

Operations

Wastewater Lab of the Future. Daniel S. Greene and Joseph Meisler ..... **Jan., p. 26**
Understanding and Applying the Programmable Controller. Anthony M. Arnone ..... **Jan., p. 32**
Benefiting From Computer Technology. Paul L. Busch and Robert L. Pillsbury ..... **June, p. 42**
Calculator Smooths Color Measurement Path. Stephen R. Jenkins and Maria Sanders ..... **Nov., p. 28**

Author Index

Alexander, B. A. See Kuchenrither, R. D.
Arnone, Anthony M. Understanding and Applying the Programmable Controller ..... **Jan., p. 32**
Baudhuin, William. See Vik, Thomas E.
Blomgren, Carl T. Cleaning Contract Lowers Costs and Complaints .. **Apr., p. 32**
Boffardi, B. P. and G. W. Schweitzer. Treating and Monitoring Corrosion and Scale in Distribution Systems ..... **May, p. 48**
Boone, Tony. The Trick to Selling Sludge as Fertilizer ..... **Dec., p. 28**
Bruce, Wayne A. See Kennedy, David D.
Bryan, Edward H. Biobricks Become a Construction Reality ..... **Mar., p. 38**
Burnett, Thomas E. Grinder Pump Solution Appeals to Residents .. **Feb., p. 39**
Busch, Paul L. and Robert L. Pillsbury. Benefiting From Computer Technology ..... **June, p. 42**
Butler, James R. and John L. Roberts. Water Main Project Serves Expanding Hi-tech Area ..... **May, p. 52**
Case, Richard L. No More Alkalinity Burnout ..... **Nov., p. 26**
Cebalt, Fred. Thermal Treatment "Energizes" San Mateo Sludge ... **Dec., p. 25**
Conn, William A. Aquaculture Project Reaches New Plateau ..... **Sept., p. 36**
Dalton, Frank E., Donald H. Sandell and Brij B. Goyal. Testing the Big Pumps of the TARP System ..... **Aug., p. 30**
Damachi, Nicholas A. See Shell, Richard L.
Day, Michael D. Matching Microcomputers and the Tasks They Do Best ..... **May, p. 40**
DeConcini, Senator Dennis. Solving Our Water Crisis ..... **Mar., p. 42**
Deininger, Rolf A. Portable, Computerized Monitor Keeps Tabs on Water .... **Feb., p. 32**
Desroches, Richard E. See Weaver, Grant
Eshelman, Robert H. Compressor Design to Meet Variable Air Needs ..... **Mar., p. 35**
Feinschreiber, Robert. Install a Computer and Enjoy the Tax Benefits ..... **Feb., p. 45**
French, Victor. Let the Seas Do the Disposal ..... **Dec., p. 22**
Garrett, B. G. See Herrick, S. A.
Garzonetti, Gary A. See Seiner, Joseph F.
Goodwin, Sara. See Tarquin, Anthony
Gorisch, John. Pressure Recorders in the Right Places Make a Better Distribution System ..... **Oct., p. 30**
Goyal, Brij B. See Dalton, Frank E.
Greene, Daniel S. and Joseph Meisler. Wastewater Lab of the Future ..... **Jan., p. 26**
Hannigan, Paul F. Infiltration Cut Dramatically After Pipe Repairs ..... **Apr., p. 27**
Herrick, S. A. and B. G. Garrett. After 45 Years, These Pumps Are Still Good ... **Jan., p. 42**
Hollenbeck, Alan J. Designing for Removal of Sanitary Sewer Cross Connections ..... **Apr., p. 29**
Holstad, Mark S. and Brian L. Speicher. Learning About Lining .... **Apr., p. 25**
Houck, C. P. See Kuchenrither, R. D.
Jenkins, Stephen R. and Maria Sanders. Calculator Smooths Color Measurement Path ..... **Nov., p. 28**
Kearl, Peter M. See Korte, Nic E.
Kemp, Roger L. Retrenchment Management: Or How to Cope with Fewer Tax Dollars ..... **Oct., p. 36**
Kennedy, David D. and Wayne A. Bruce. Blueprint for a Joint Power Agency ... **Feb., p. 26**
King, Richard W. and William L. White. Color Graphics Adds A Dimension to Management ..... **July, p. 36**
Korte, Nic E. and Peter M. Kearl. Cross-discipline Harmony Keeps Groundwater Monitoring Efforts in Tune ..... **Mar., p. 32**
Kilner, Suzanne M. Groundwater Strategy Avoids Contamination Woes ..... **Mar., p. 27**
